

[subject line] Invitation: Let the fun beGIN

A tasting with a certain gin ne sais quoi

[Copy]

Dear ClientName

Please join us as we take a journey with a gin expert through the history of this out-of-the-ordinary beverage. We'll find out how it's made, what it's made from and what makes it so on trend right now. We'll also get to taste six boutique gins.

We'd also like to extend the invitation to a like-minded friend, someone who's the tonic to your gin.
